

Inside the lines: Summer Camp 2009

Summer Camp Rocks!!

Thanks from the Pro's:

Thanks to all of you who came to camp this summer. Every year the pro's look forward to camp time. It's a great time for players and coaches to really get to know each other.

Our summer has been filled with wacky clothes and team bonding. It's amazing to see the how much can be achieved when practice and play go together in a fun environment. This year I would also like to thank our C.I.T trainees for their help. They were great role models for the campers to look up to.

As always thanks to all of you who refer us to other players and families. Because of you the camp is new and fresh every year. We appreciate your support.

Camp was so much fun we miss it already. The good news is fall tennis is about to start so get ready for school and we will see you on the courts.
